My Jupyter Notebook on IBM Watson Studio

Victoria Webb

100% Human

I am interested in data science because I love to gain insights from Data & I want to become a data scientist!

The Following Code Tests The Gauss Formula:

```
[4]: def gauss(n):  
      return (n*(n+1))/2  
  
      gauss(100)==sum(range(101))
```

[4]: True

- one
- two
- three
- one
- two
- three

Markdown	Less	Pretty
<i>Still</i>	renders	nicely
1	2	3

```
[44]: %%html  
<style>  
table{float:right}  
</style>
```
